Dear Allan,

I have just had a letter from Professor Alexander Hertz, Editor, Friends of Polish Democracy, reminding me that we haven't returned two of the things they made available to us. These are the 35mm. negative of the Manifesto of Freedom and a minerature copy of an Underground pamphlet. Will you please return these to either Professor Hertz of Mr. Malinowski, 222 Riverside Drive, New York? I promised to return them within a short time and it has now been about 6 weeks.

Thanks

Harold
